The figure is a scatter plot with error bars. The vertical axis is labeled "Duplicate tracks" and has major ticks at 0, 1, and 10. The horizontal axis is labeled "Ratio" and has major ticks at 0, 1, 2, and 3. There are approximately 20 data points plotted as small circles with vertical error bars. Most points are clustered between Ratio = 0.5 and Ratio = 1.5, with Duplicate tracks values ranging from about 1 to 8. One point at Ratio ≈ 0.7 has a Duplicate tracks value of approximately 10.

Number of pileup tracks vs collection
