

Fake rate vs dxy

Duplicates Rate vs Dxy

Pileup rate vs dxy

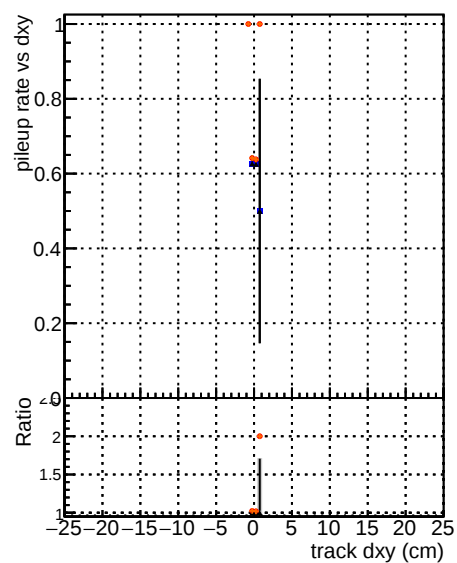

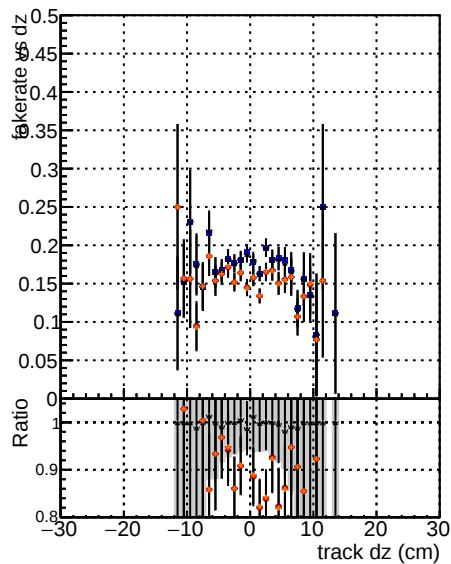

Figure 1 consists of two bar charts. The left chart, titled 'Fake rate vs d', compares the fake rate of two models: 'baseline' (blue bars) and 'trainOldFiles125 v2 prelimWP epoch4' (orange bars) for values of d from 1 to 10. The right chart, titled 'baseline', shows the fake rate of the 'baseline' model for values of d from 1 to 10. The y-axis for both charts is 'Fake rate' ranging from 0 to 1.0. The x-axis for both charts is 'd' ranging from 1 to 10.
