

Fake rate vs dxy

Duplicates Rate vs Dxy

Pileup rate vs dxy

Figure 1: Overview of the proposed framework. The diagram illustrates the data flow and file structure. On the left, a plot shows 'Fake rate vs d'. In the center, a 'DQM' box contains a table of files for different fake rates (10%, 20%, 30%, 40%, 50%, 60%, 70%, 80%, 90%, 100%) and a 'base' box. The 'base' box contains a table of files for different fake rates (10%, 20%, 30%, 40%, 50%, 60%, 70%, 80%, 90%, 100%) and a 'base' box. The 'base' box contains a table of files for different fake rates (10%, 20%, 30%, 40%, 50%, 60%, 70%, 80%, 90%, 100%) and a 'base' box.
