

Legend for the plots above:

- N of reco track vs p_T** : **reco** (black line), **recoToSim** (red line), **fake** (blue line), **duplicate** (green line).
- N of associated (recoToSim) tracks vs p_T** : **reco** (black line), **recoToSim** (red line), **fake** (blue line), **duplicate** (green line).
- fake tracks**: **reco** (black line), **recoToSim** (red line), **fake** (blue line), **duplicate** (green line).
- N of associated (recoToSim) duplicate tracks vs p_T** : **reco** (black line), **recoToSim** (red line), **fake** (blue line), **duplicate** (green line).
