

Legend for the plots above:

- N of reco track vs p_T** : **reco** (black line), **sim** (red line), **assoc** (blue line), **fake** (green line), **dup** (purple line).
- N of associated (recoToSim) tracks vs p_T** : **reco** (black line), **sim** (red line), **assoc** (blue line), **fake** (green line), **dup** (purple line).
- fake tracks**: **reco** (black line), **sim** (red line), **assoc** (blue line), **fake** (green line), **dup** (purple line).
- N of associated (recoToSim) duplicate tracks vs p_T** : **reco** (black line), **sim** (red line), **assoc** (blue line), **fake** (green line), **dup** (purple line).
