

Fake rate vs dxy

Duplicates Rate vs Dxy

Pileup rate vs dxy

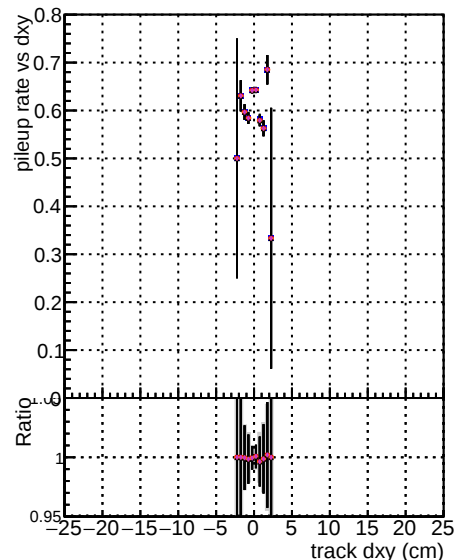

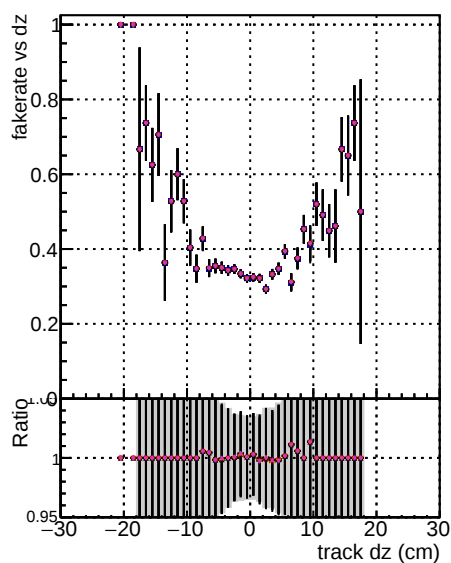

Figure 1: Fake rate vs d. The chart displays the fake rate for different models and their combinations. The models are DOM, mkFit, XiMinus, PU, retrain2, and lowpt. The combinations are shown as stacked bars, with the color of the bar indicating the model used. The y-axis represents the fake rate, and the x-axis lists the models and combinations.

lowpt
