

Figure 1 consists of two vertically stacked plots sharing a common x-axis labeled 'TP' ranging from -3 to 3. The top plot's y-axis is labeled 'Tracking particles' on a logarithmic scale from 10^2 to 10^3 . It displays a series of purple crosses representing data points, which fluctuate between approximately 2×10^2 and 8×10^2 . The bottom plot's y-axis is labeled 'Ratio' on a linear scale from 0.95 to 1.05. It shows a series of vertical grey bars with black error bars, all centered around a horizontal red line at a ratio of 1.0.
