

Fake rate vs dxy

Duplicates Rate vs Dxy

Pileup rate vs dxy

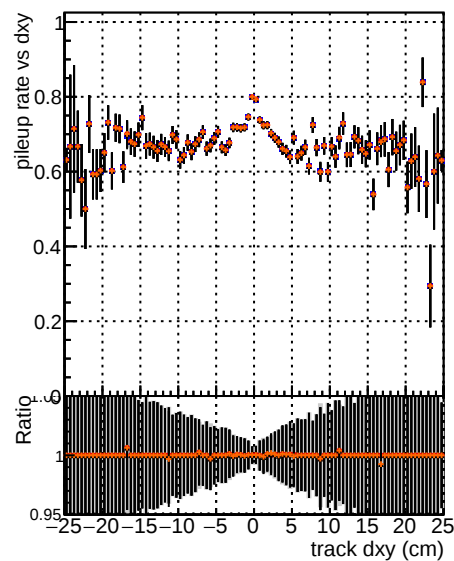

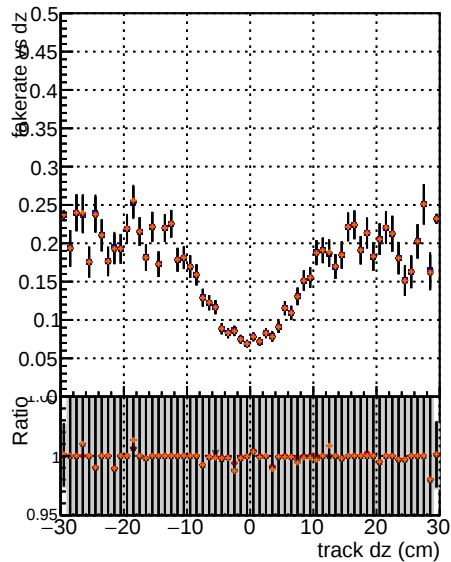

Figure 10: Fake rate vs d. The plot shows the fake rate for different datasets and methods. The x-axis is labeled 'Fake rate vs d' and the y-axis is labeled 'd'. The legend indicates four series: DOM (blue square), V0001 (red circle), R00000000001 (black triangle), and C10000000001 (green diamond). The plot shows that the fake rate decreases as d increases, with the R00000000001 series showing the lowest fake rate and the V0001 series showing the highest fake rate.
