

Fake rate vs dxy

Duplicates Rate vs Dxy

Pileup rate vs dxy

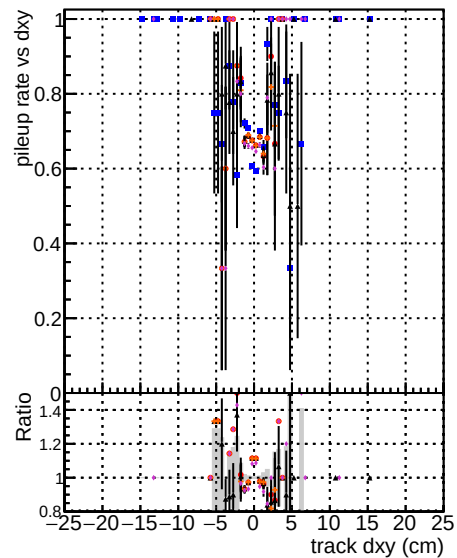

Figure 1: Fake rate vs d. A bar chart showing fake rates for different models and steps. The x-axis is labeled 'Fake rate vs d' and the y-axis is labeled 'Fake rate'. The legend indicates: DOMstep2 (blue), TT GKE (red), default (green), default+cell_ess (orange), and default+NEWTOLDSAMPLE+relf (purple). The bars show that the fake rate is highest for the default model and lowest for the default+NEWTOLDSAMPLE+relf model.
