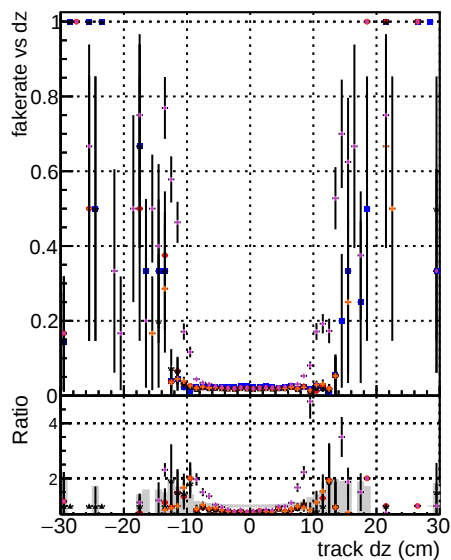

Figure 1 is a line graph showing the change in the number of people in the labor force (in millions) from 1970 to 1990. The y-axis is labeled 'dz' and ranges from 0 to 0.5. The x-axis is labeled 'Year' and ranges from 1970 to 1990. The graph shows a steady increase in the labor force over the 20-year period, starting at approximately 0.1 million in 1970 and reaching approximately 0.4 million in 1990.
