

The figure consists of two vertically stacked panels sharing a common x-axis labeled 'TP' ranging from -3 to 3. The top panel plots 'TrackingParticles' on a logarithmic y-axis from 10 to 100. It shows data points with vertical error bars, peaking at approximately 40 around TP=0. The bottom panel plots 'Ratio' on a linear y-axis from 0.95 to 1.05. It shows a series of vertical bars, all centered at a ratio of 1.0, with error bars indicating uncertainty.
