Figure 10 is a log-linear plot showing the ratio of duplicate tracks for various track types. The y-axis is labeled 'Duplicate tracks' and ranges from 10^0 to 10^5 on a logarithmic scale. The x-axis is labeled 'Ratio' and ranges from 0.95 to 1.05 on a logarithmic scale. The plot displays data points with error bars for various track types, including generalTracks, initialStep, finalStep, and others. The data points are clustered around a ratio of 1.0, with some outliers at higher ratios.

Number of pileup tracks vs collection
