

Figure 1 consists of two vertically stacked plots sharing a common x-axis labeled 'track min ΔR ' ranging from 10^{-3} to 1. The top plot shows 'duplicate tracks' on the y-axis, ranging from 0 to 10. It displays a dense distribution of points with vertical error bars, showing a peak around 10^{-1} . The bottom plot shows 'Ratio' on the y-axis, ranging from 0.95 to 1.05. It displays a dense distribution of points with vertical error bars, showing a peak around 10^{-1} . Both plots show a dense distribution of points with vertical error bars.
