

Efficiency vs hit

fake+duplicates vs hits

Efficiencia

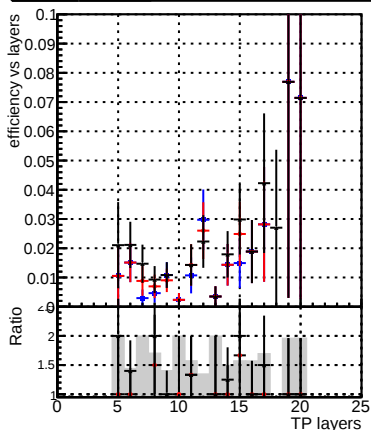

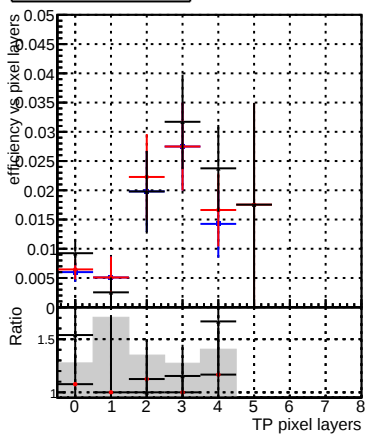

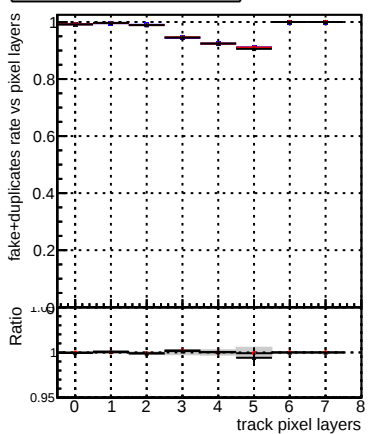

Figure 1 consists of two panels. The top panel shows the fake+duplication rate vs. layers, with data points and error bars for three different methods (black, red, blue). The bottom panel shows the ratio of fake+duplication rate vs. layers, with data points and error bars for the same three methods. The x-axis for both panels is 'track layers' from 0 to 25. The y-axis for the top panel is 'fake+duplication rate vs. layers' from 0 to 1. The y-axis for the bottom panel is 'Ratio' from 0.95 to 1.00.
