fake+duplicates vs hits

Efficienci

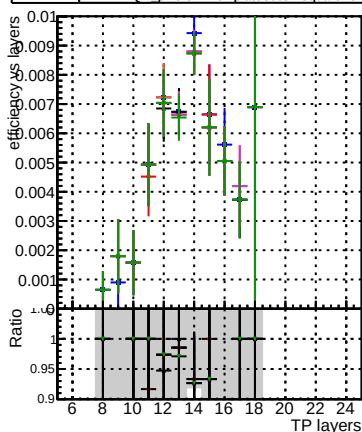

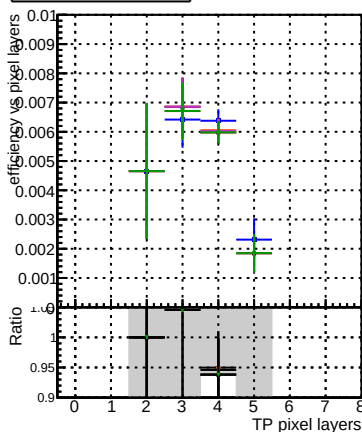

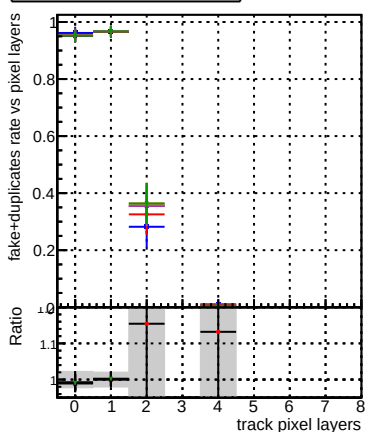

Figure 10 consists of two vertically stacked plots sharing a common x-axis labeled 'track layers' ranging from 0 to 25. The top plot's y-axis is 'fake+duplication rate vs layers' from 0 to 1. It shows data points with error bars for track layers 0, 5, 10, and 15. The bottom plot's y-axis is 'Ratio' from 1 to 1.2. It shows data points with error bars for track layers 0, 5, 10, and 15. A shaded gray region is present in the bottom plot between track layers 8 and 10.
