

Efficiency vs hit

fake+duplicates vs hits

Efficiencia

Figure 10 consists of two vertically stacked plots. The top plot's y-axis is labeled 'fake+duplication rate vs layers' and ranges from 0 to 1.0. The bottom plot's y-axis is labeled 'Ratio' and ranges from 0.95 to 1.0. Both plots share an x-axis labeled 'track layers' ranging from 0 to 5.0. In both plots, a solid black horizontal line is drawn at y=1.0. Data points are shown as red dots with vertical error bars. In the top plot, a red dot is at track layer 2.0 with a ratio of approximately 0.98. In the bottom plot, a red dot is at track layer 2.0 with a ratio of approximately 0.98. The data points are connected by horizontal black line segments.
