

The figure consists of two vertically stacked panels sharing a common x-axis labeled 'TP' (Time Step) ranging from -3 to 3. The top panel's y-axis is labeled 'Tracking Particles' on a logarithmic scale from 10 to 1000. It displays data points with error bars that form a symmetric, bell-shaped curve peaking at approximately 400 particles around TP=0. The bottom panel's y-axis is labeled 'Ratio' on a linear scale from 0.95 to 1.05. It shows a series of vertical bars with error bars, all of which are centered around a horizontal red line at a ratio of 1.0.
