

Efficiency vs. dz (PV)

Efficiency (tracking eff factorized out) vs. dz (PV)

 The legend identifies the two data series: a grey line with square markers for the original data and a red line with circular markers for the modified data. The paths are: `/data2/legianni/JSON-bkwd-fwd/no-modif/CMSSW_13_0_X_2023-01-24-1100/src/DQM_original` and `DQM_modified`.
