

Fake rate vs dr

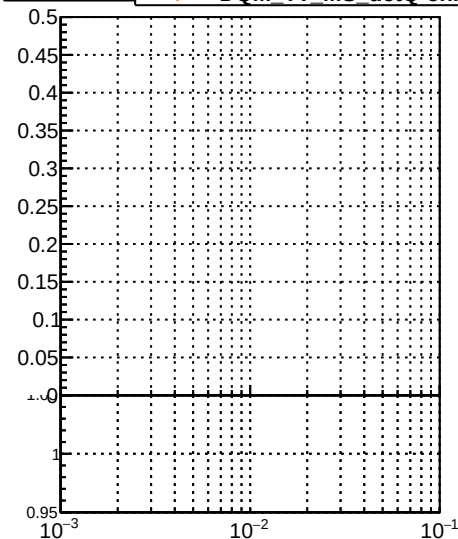

Duplicates Rate vs dr

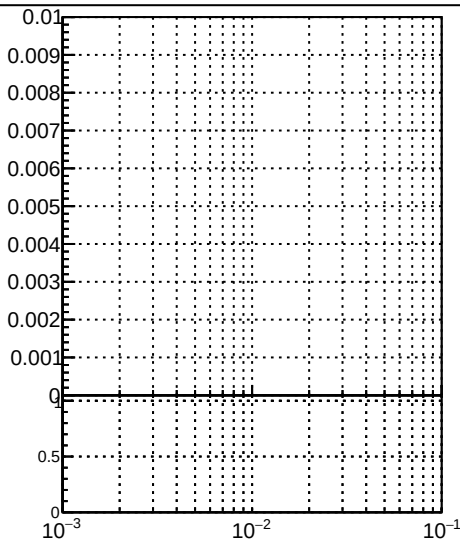

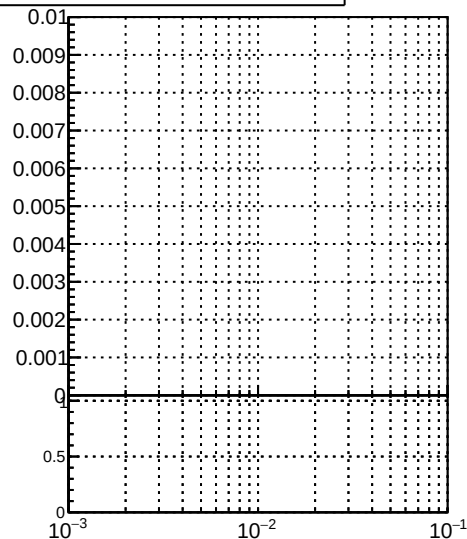

Pileup rate vs dr

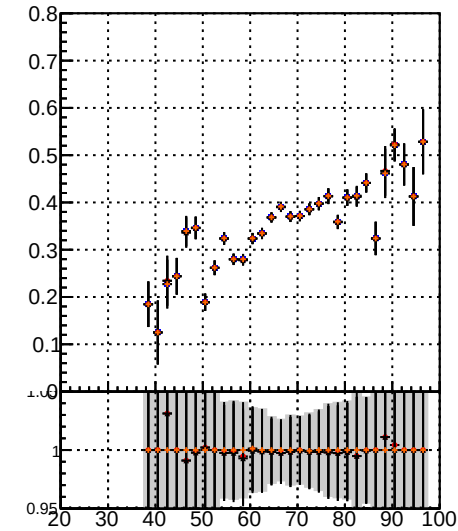

Fake rate vs. efficiency for different detector components. The components are DOM, TT, MS, detO, detO-dpdq, and detO-chi2. The fake rate is plotted on the y-axis and efficiency on the x-axis. The components are arranged in a grid, with DOM and TT having the highest efficiency and MS having the lowest. The fake rate is highest for MS and lowest for detO-chi2.
