

Figure 1 is a log-linear plot showing the ratio of duplicate tracks to total tracks versus track χ^2 . The y-axis is labeled 'Ratio' and is on a logarithmic scale from 0 to 10^{-1} . The x-axis is labeled 'track χ^2 ' and is on a linear scale from 0 to 20. A horizontal line is drawn at Ratio = 1. Data points are shown as open circles, and a solid line represents the fit.
