Figure 10 consists of two vertically stacked plots sharing a common x-axis labeled 'track layers' ranging from 0 to 25. The top plot's y-axis is labeled 'fake+dupicates rate vs layers' and ranges from 0.2 to 1.0. It shows data points with error bars that start near 1.0 for low track layers and drop sharply around 10 layers to approximately 0.35. The bottom plot's y-axis is labeled 'Ratio' and ranges from 0.95 to 1.0. It shows data points with error bars that remain very close to 1.0 across all track layers. Both plots include a horizontal dashed line at y=1.0.
