

Detailed description: This figure is a line graph titled 'Fake rate vs.' on the y-axis. The x-axis is labeled 'DQM_TT_mkFit-DQM_pless' with numerical values 0, 10, 20, 30, 40, 50, 60, 70, 80, 90, 100. There are two data series: 'orig' represented by a black line with square markers, and 'mod' represented by a red line with circular markers. Both series show a decreasing trend as the x-value increases.

DQM_TT_mkFit-DQM_pless	orig	mod
0	1.00	1.00
10	0.95	0.95
20	0.90	0.90
30	0.85	0.85
40	0.80	0.80
50	0.75	0.75
60	0.70	0.70
70	0.65	0.65
80	0.60	0.60
90	0.55	0.55
100	0.50	0.50
