

N of simulated tracks vs pT

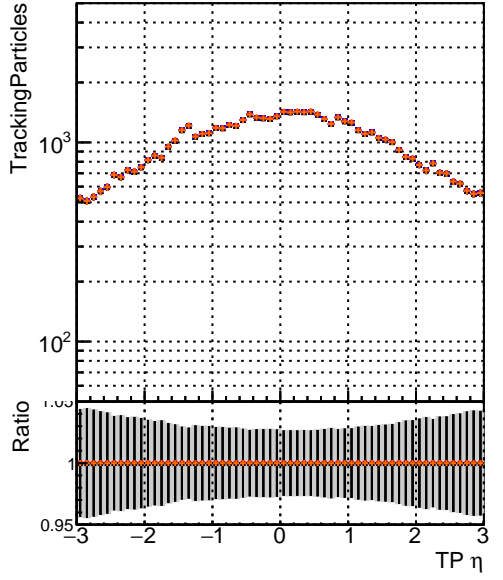

N of associated tracks (simToReco) vs pT

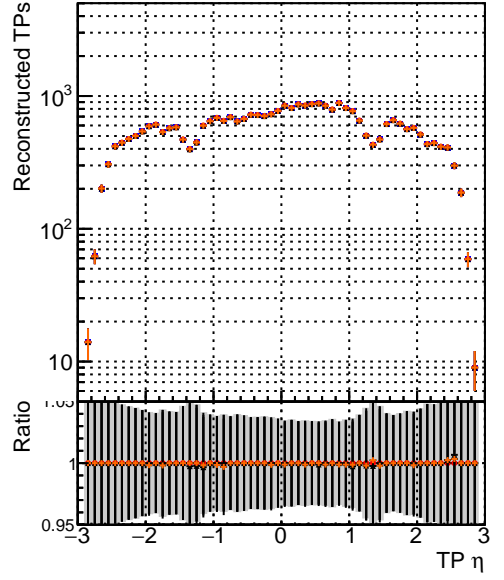

Legend for all plots:

- DQM_original14 (blue line with circles)
- DQM_testMkFit_initialStepReso (red line with circles)
- DQM_testMkFitFit_initialStepReso (black line with circles)
- DQM_testMkFitFit_initialStepReso_wRejection100 (orange line with circles)
