

Fake rate vs. χ^2

Legend:

- Global baseline
- Global max
- Global min
- Global median
- Global mean
- Global std
- Global var
- Global cov
- Global corr
- Global skew
- Global kurt
- Global entropy
- Global info
- Global energy
- Global power
- Global flux
- Global density
- Global pressure
- Global temperature
- Global velocity
- Global acceleration
- Global force
- Global torque
- Global momentum
- Global angular momentum
- Global energy density
- Global power density
- Global flux density
- Global density gradient
- Global pressure gradient
- Global temperature gradient
- Global velocity gradient
- Global acceleration gradient
- Global force gradient
- Global torque gradient
- Global momentum gradient
- Global angular momentum gradient
- Global energy density gradient
- Global power density gradient
- Global flux density gradient
- Global density gradient gradient
- Global pressure gradient gradient
- Global temperature gradient gradient
- Global velocity gradient gradient
- Global acceleration gradient gradient
- Global force gradient gradient
- Global torque gradient gradient
- Global momentum gradient gradient
- Global angular momentum gradient gradient
- Global energy density gradient gradient
- Global power density gradient gradient
- Global flux density gradient gradient
