

Fake rate vs dxy

Duplicates Rate vs Dxy

Pileup rate vs dxy

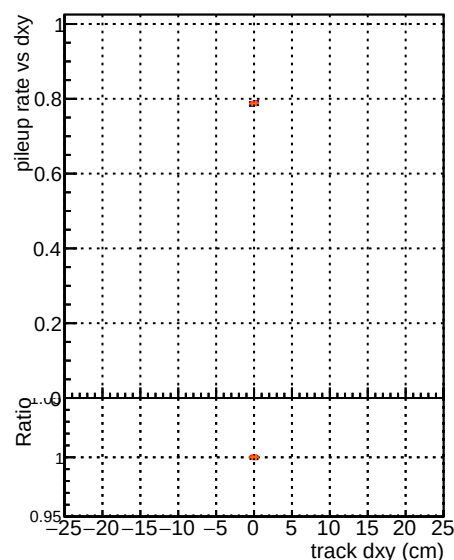

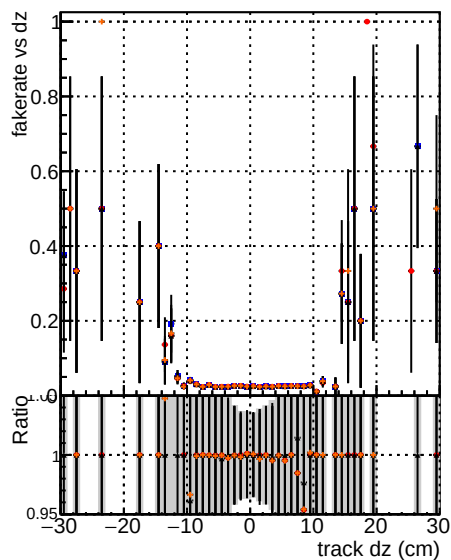

Figure 10: Fake rate vs d. The plot shows the fake rate for different models and datasets. The y-axis is 'Fake rate vs d' and the x-axis is 'd'. The legend indicates four series: Global (blue square), mkFitbase (red circle), RECO (green triangle), and RECO (black diamond). The plot shows that the fake rate is generally low across all models and datasets, with some variation in the RECO dataset.
