

**N of simulated tracks vs pT**

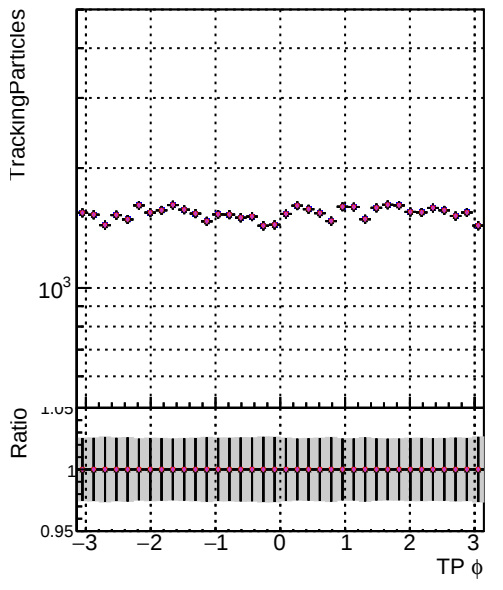

**N of associated tracks (simToReco) vs pT**

| N of simulated tracks | N of associated tracks (simToReco) | TP pT (GeV) | TP $\eta$ | TP $\phi$ |
|-----------------------|------------------------------------|-------------|-----------|-----------|
| DOM V0001             | R0000000001                        | Global      | mkFitBase | 22222     |
