

Efficiency vs. dz (PV)

Efficiency (tracking eff factorized out) vs. dz (PV)

Legend for Efficiency vs. dz (PV) and Efficiency (tracking eff factorized out) vs. dz (PV):

- SoftQCD\_default (black line with square markers)
- SoftQCD\_ckfPixelLessStep (red line with square markers)

Legend for Fake rate and Pileup rates vs. dz (PV):

- SoftQCD\_default (black line with square markers)
- SoftQCD\_ckfPixelLessStep (red line with square markers)
